

Up to **£100 Cashback** on Lenovo Accessories, Monitors And Warranties when purchased with Lenovo ThinkPads, ThinkCentres and ThinkStations*

ThinkPads

ThinkCentres

ThinkStations

Lenovo ThinkPad notebooks set the standard for portable personal computing. From advanced processors and graphics to ultra-thin designs and extra-long battery life, there's a ThinkPad model for every business need.

ThinkPad SL Series

An ideal mix of performance, wireless and multimedia features – at prices right for small business.

ThinkPad R Series

The best blend of productivity, mobility, security and performance - keeping TCO low and productivity in the forefront.

ThinkPad T Series

The perfect balance of performance and portability, including ISV-certified mobile workstations.

ThinkPad X Series

Extremely light and portable, exceptionally long battery life, reliable, strong CPU performance and energy efficient. The ultimate ultraportable

Lenovo ThinkCentre desktops bring quad core processing power and state-of-the-art reliability, security and productivity features to enterprise and small business customers.

ThinkCentre A Series

The ThinkCentre A Series was built specifically for small businesses yet it provides many of the high-end features you would expect from a global enterprise machine. Powerful Processors, flexible configurations and upgrades, cutting edge security and much more.

ThinkCentre M Series

ThinkCentre M Series is a line of enterprise-friendly desktop PCs that gives users the power they need to be productive, and IT managers the tools they need to manage total cost of ownership.

The **Lenovo ThinkStation** is engineered exclusively for specialized professionals. Its groundbreaking design ramps up parallel workflows, enabling professional users to innovate faster and reduces the time between an idea and a product.

Equipped with the latest technology from Intel®, the ThinkStation delivers performance well beyond a standard desktop PC. The ThinkStation S10's Intel® Core™2 and ThinkStation D10's dual Intel® Xeon® processors speed through even the toughest workload. These processors nearly double the density of transistors on the chips to offer new levels of energy-efficient performance.

In addition, the ThinkStation is equipped with ThinkVantage® technologies such as Rescue and Recovery® and Client Security Solution to provide the best of data security.

lenovo

Up to **£100 Cashback** on Lenovo Options, Accessories, Monitors and Warranties when purchased with these selected ThinkCentres and ThinkStations.
