

# OFF-THE-SHELF SERVICES

## TRAINING SERVICES

### ONE SOURCE FOR ALL YOUR TRAINING AND TECHNOLOGY NEEDS

Insight understands that to get the most out of your technology, you need to make sure your employees are effectively trained. Insight offers training for hardware and software products, in addition to a broad range of other training services including business and management skills.

#### ▼ Insight Training Solutions

##### Key Training Partnerships

Insight has contracted with a best-of-breed training provider to bring you a broad range of training options to meet your organisation's unique requirements. Our partner, QA-IQ Group Ltd, is the Number 1 provider of technical training in the UK and a European leader in professional skills, project management, personal development and management training.

Clients are provided with certification to the highest industry standards for both technical and professional skills, as well as in-depth courses to develop skills that are immediately applicable on return to the workplace. QA-IQ's team of expert instructors works closely with the technology providers and professional bodies to ensure that courses offer the very latest in knowledge and are focused on developing practical skills and ability.

##### QA-IQ Expertise

QA-IQ is able to deliver certified technical training at any one of its nationwide locations. All trainers are all fully vendor certified in accordance with vendor agreements and certification requirements.

As a testament to its high level expertise, QA-IQ is a Microsoft Gold Certified Partner and the largest Microsoft Certified Technical Education Centre (CTEC) in the UK. As a Citrix Authorised Learning Centre, it is one of the largest CALCs within EMEA, and also the largest NAEC (Novell Authorised Education Centre) and LAEC (Lotus Authorised Education Centre) in the UK.

##### Skills Licences

This is one of the key offerings Insight provides through QA-IQ and represents the most efficient means of allocating your IT Training budget. It allows you to purchase a number of pre-paid training days which can be used for:

- ANY employee of your organisation
- ANY QA-IQ core curriculum training course
- ANY number of days training you require
- Valid for up to 12 months i.e. all courses to be deployed within the 12 month period

A Skills Licence can represent discounts of up to 60% off public scheduled, fully authorised training courses. It is designed to be as flexible as you need it and you will find that as your needs change so does the skills licence.
