

FreeAgent | Go™

PORTABLE HARD DRIVE

USB 2.0: 250 GB, 320 GB, 500 GB, 640 GB, 880 GB, 1 TB

Perfect for when you need to:

- Store your photos, music and other files easily
- Carry your data while you're on the go
- Synchronise and back up quickly at your desktop without having to search for cables
- Guard the privacy of important files and folders

Optional Accessories

Travel Case & FreeAgent Go Dock™

Travel Case & FreeAgent Go Dock+™

The ultimate portable storage solution for your photos, music, videos and more

It's easy to take your photos, music, videos and documents everywhere with the Seagate® FreeAgent Go portable storage solution.

The FreeAgent Go drive offers up to 1 TB of capacity, so you can store all your files comfortably. It includes easy-to-use software that lets you back up your data automatically, synchronise files and encrypt important files and folders. And, it's the world's first portable hard drive with a convenient desktop dock accessory. Simply pop your drive into the FreeAgent dock whenever you want to access your files — no more fumbling around for cables!

Highlights

- Pocket and carry your data with ease, thanks to an incredibly thin form factor
- Choose from a variety of colours to complement your style and help you differentiate between multiple drives
- Access your files with unparalleled convenience, simply by popping your drive into the FreeAgent Go Dock accessory. You'll never fumble around for cables again!
- Take all your photos, music, videos and documents with you everywhere, thanks to large storage capacities of 250 GB, 320 GB, 500 GB, 640 GB, 880 GB and 1 TB
- Protect your data easily with automatic backup software
- Guard the privacy of your most important files and folders with software encryption technology
- Synchronise your content so that you always have the most current versions
- Experience fast data transfer with a USB 2.0 interface
- Get started quickly with preloaded software. No CDs!
- Save energy with an environmentally smart utility that can turn off your drive when it's not in use
- Enjoy peace of mind with a five-year limited warranty from the world leader in storage solutions

When referring to hard drive capacity, one gigabyte, or GB, equals one billion bytes; and one terabyte, or TB, equals one trillion bytes. Your computer operating system may use a different standard of measurement and report a lower capacity. In addition, some of the listed capacity is used for formatting and other functions, and thus will not be available for data storage. Quantitative usage examples for various applications are for illustrative purposes. Actual quantities will vary based on various factors, including file size, file format, features and application software.
